

ViewSonic® VG150/VG150b LCD Display

15.0" LCD display with OnView® and ViewMatch®

The ViewSonic VG150 LCD display offers a rich, bright image, and with its thin profile, it's the ideal solution for professionals with limited workspace. Lightweight, the VG150 can be used on the desktop or wall mounted, making it perfect for financial, government and corporate use. And, when power conservation is an important consideration, it meets TCO standards for energy savings. The VG150 is available in a black or beige case, for a good color match with most notebook and tower computers.

- **Full 15" viewable screen**

The VG150 displays a full, flat 15.0" viewable area that is comparable to the viewable area of traditional 17" (various viewable) CRTs.

- **1024 x 768 maximum resolution**

Displays a crisp, clear native resolution of 1024 x 768 for easy-on-the-eyes viewing.

- **Active matrix color technology**

Active matrix color technology provides sharper images.

- **OnView® controls including ViewMatch®**

All screen adjustments are made via an on-screen menu using simple controls. ViewMatch allows the users to adjust the color temperature and individual color intensity for screen-to-print matching.

- **Slim 5.4" profile**

- **Weighs only 11 pounds**

- **VESA® wall mount compliant**

Hang the flat panel on most walls with ViewSonic's optional wall mount kit (WM-U1) available at ViewSonicOutlet.com.

- **Available in black or beige case**
